**Linda Beverage**  
*Guidance Counselor*

I am excited to start the next phase of my journey at Pocahontas County High School as a principal. I had the opportunity to start my profession in Pocahontas County as an Agricultural teacher and FFA advisor. I also had an opportunity to start my administrative career as a vice principal at PCHS and then principal at Marlinton Middle School. Pocahontas County has many opportunities to offer individuals in the education field if they are willing to take advantage of them.

I am enjoying learning PCHS from a new perspective as a principal. Many things have changed in the nine years I have been gone, but one thing has stayed the same.....the teachers still care about students and our school. I hope to foster an environment where students will find success. Thanks for making PCHS a great place to be.  
I am truly *Expecting the Best!!*

I am excited to start the next phase of my journey at Pocahontas County High School as a principal. I had the opportunity to start my profession in Pocahontas County as an Agricultural teacher and FFA advisor. I also had an opportunity to start my administrative career as a vice principal at PCHS and then principal at Marlinton Middle School. Pocahontas County has many opportunities to offer individuals in the education field if they are willing to take advantage of them.

I am enjoying learning PCHS from a new perspective as a principal. Many things have changed in the nine years I have been gone, but one thing has stayed the same.....the teachers still care about students and our school. I hope to foster an environment where students will find success. Thanks for making PCHS a great place to be.  
I am truly *Expecting the Best!!*
